PROJECT PRE-SCREENING

This form is for use when a project you are proposing will require a lot of time, and you would like some type of guidance or feedback from the Interiors/Exteriors Oversight Committee to reduce the time needed to have your project approved. Please answer the following questions as completely as possible. Completed form should be placed in the Interiors Oversight Committee mailbox, next to the church office.

1. What is the nature of the project, and what space(s) in the church will it affect?

2. Who will the project impact (groups, individuals), both negatively and positively?

3. What will be purchased with the money, where will the funds come from, and approximate total cost of the project?
